

TSYS Acquiring Solutions Sponsors

In 2005, four female business leaders in the acquiring industry came together to form Women Networking in Electronic Transactions (W.net). Their mission, "To provide a forum to inspire and empower women in the electronic transactions industry to maximize their potential and position themselves for greater success through networking opportunities, mentoring programs and the over promotion of women in the industry."

Today, W.net has grown to over 110 members, hosts two meetings annually, publishes a quarterly newsletter and offers a mentoring program. And, with the continued support of corporate sponsors like TSYS Acquiring Solutions, W.net's goals are to continue growing its membership and expanding its services.

The \$25,000 corporate sponsorship from TSYS Acquiring Solutions provides W.net with the financial means to offer programs such as on-going professional education, leadership development, mentoring and networking opportunities, while at the same time supporting the advancement of women in our industry.

Bob Philbin, president of TSYS Acquiring Solutions, says, "It's vital to support women in the electronic transactions industry. Being a W.net corporate sponsor underscores our commitment to grow and develop women, not only here at TSYS Acquiring, but throughout the industry." Holli Targan, president of W.net is thrilled to have TSYS Acquiring Solutions as a corporate sponsor, adding, "We are truly grateful for their support."
